

## **San Diego STARS Skills Clinic**

### **Sunday Morning – May 1st**

The San Diego STARS is the oldest and most successful travel baseball team in Southern California...winning more National Championships than all the other San Diego teams combined.

The San Diego STARS have been the #1 team in San Diego for 26 years for one reason...they attract the best players! Why? *Because of the San Diego STARS training program.*

Each year the very best players come together to play baseball with their peers. 41 of those players have gone on to play professional baseball.
